<b>Project Description</b>	The project consists of demolishing and removing an existing headwall set between sections of seawall then replacing the headwall with site restoration to match existing conditions. The work includes the furnishing of all labor, materials and equipment for completing the work as shown on the Contract Drawings and as herein specified or reasonably implied.
<b>Special Requirements</b>	The OWNER reserves the right to eliminate certain sections of the work or parts of sections, as may be determined by them as a basis of award, to keep within the limits of available funds, or to add sections of the work previously eliminated.
