

Architectural Services

A natural addition to Haley Ward's growing building services unit, we have architectural services to support the client-centered, team-driven design process. Our approach considers all aspects of design, the needs of the many stakeholders involved in a project, and the effective use of clients' resources to produce affordable designs.

SERVICES PROVIDED:

- Civic Architecture, including Municipal Buildings, Police Stations & Fire Stations
- Library Architecture
- Religious Architecture
- Commercial Architecture
- Educational Architecture
- Residential Architecture, Both Large & Small Scale
- Existing Facilities Review
- Pre-design

Our designs are informed by our technical expertise and the determination we use in satisfying architectural needs and programs. Our business practices require us to be forthright, honest and clear in the project scopes we develop. This belief sustains our architectural services and informs our art and goals, as well as our ultimate purpose as locally based, globally thinking architectural designers.

EMPHASIS ON:

- Public Safety Projects
- Master Planning
- Existing Facilities Renovation
- Code Compliance
- Historic Preservation

CLIENTS:

- New York Times
- Wall Street Journal
- Wingate Companies
- Rivers School
